

What do they THINK AND FEEL?

what really counts
major preoccupations
worries & aspirations

confused ,
excited,
Inadequate

being concerned
about one's
chances of being
accepted into a
university

ratings of
the
university

transparency
and candour

Python is a
general-purpose,
interpreted
programming
language.

What do they SEE?

environment
friends
what the market offers

technological
requirements
both inside and
outside the
standards

What kind of
professional and
graduate
programmes
does the college
offer?

outcomes
represented
by statistics
graphs and
bars

I've never seen a
university that
offers high-
quality
instruction.

Quality of
It is beyond
communicatio

What do they SAY AND DO?

attitude in public
appearance
behavior towards others

We employed the
train test split
method for our
model, which
produced more
accurate results.

Safeguarding
principles for
students

Will I
Receive
Admission
on time?

The machine
learning model is
trained and tested
using two different
sorts of approach.

Excellence
and
experienced
staffs

are my
results not
enough?

PAIN

fears
frustrations
obstacles

If the system
receives faulty
data, it will
produce
inaccurate
results.

It offered less
security.
It takes more time.
There are some
server problems.

only able to
attend lower-
ranked
universities

What should I do
if I don't qualify
for the institution
I want to attend?

Choosing a college
or course requires
consideration of
the necessary
scores.

GAIN

"wants" / needs
measures of success
obstacles

aids students in
selecting the
appropriate
college

Very user-
friendly

becomes
really
qualified for
the desired
university

A excellent career
consultant will
charge a lot of
money to offer
these kind of
answers.

recognise their
current situation
and the amount of
work required to
enroll in their ideal
university.

What do they HEAR?

what friends say
what boss say
what influencers say

Does the university
offer co-op
programmes to aid
in your career
exploration?

The findings
may not be
entirely
accurate.

Exist any
polishing services
your
resume,improve
interview skills?

it doesn't
work,
university
admit I can't
be anticipated

It is utilised to determine
student performance.
Additionally, the student
percentage is calculated.
It's also employed to
evaluate students'
capacity for learning.

Today, it's thought that
a crucial part of a
degree in engineering
is having a respect for
and awareness of
other cultures.

Our goal is to forecast
a student's likelihood
of being admitted to
those desired
universities using
machine learning
methods.
